Out-of-Town Telephone Rates

THE enormous volume of calls on Long Distance lines due to defense activities has resulted in some congestion at various times during the day. The busiest periods are from 10 a. m. to 12 Noon; 2 to 4 p. m. and 7 to 8 p. m.

If you can make your calls in the less busy hours, you are less apt to encounter possible delays. At the same time you will be helping the vitally important National Defense calls, by reducing the congestion during the busiest hours of the day.

OUT-OF-TOWN RATES FROM DOWNTOWN BROOKLYN

NIGHT AND SUNDAY RATES ARE GENERALLY IN EFFECT FROM 7 P. M. TO 4:30 A. M. AND ALL DAY SUNDAY

Station-to-Station Calls of 25 Cents or Less are for 5 Minutes—Other Rates are Generally for 3 Minutes.

A Few Pages of Helpful Information

You will find, in these first eight pages, a great deal of useful information about your telephone service.

They tell you what to do if you have difficulty with the service. They describe many ways in which the telephone can be more useful to you.

It will pay you to read these pages now and to go to them whenever you have a question about your telephone service.

At our Business Offices, too, you will always be welcome. Their addresses are shown on Page 4. To call by telephone, dial 811.

We realize that difficulties will sometimes occur in spite of our best efforts to avoid them. When they do, we are anxious to correct them promptly and to take steps that will prevent them from happening again. When you wish to report any service difficulty or to obtain assistance, please follow the directions on Page 1.

If any matter is not handled to your satisfaction after you have followed these directions, please call the Manager who is in charge of your own central office. You will find his name and telephone number on Page 5. No charge is made for calls from Brooklyn to any business or administrative office of the Company in New York City and suburbs.

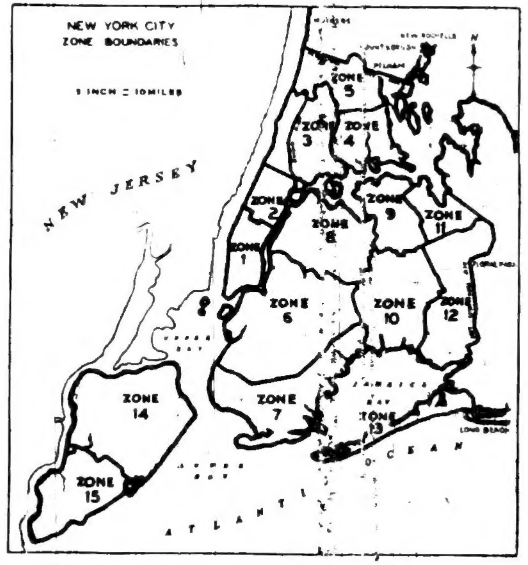
Telephone Services

The Telephone Company maintains a Customer Service Bureau whose sole job is helping New York's business people to make more effective and economical use of their telephone service. Its services are available to you without charge. All you need do is call the Business Office (Dial 811) and ask that a representative call on you.

Charges for Local Service

Message Rate Service: The monthly rate for this service pays for all out-going local calls up to a certain number. A charge is then made for each call over that number. No charge is made in case your call is not completed because of a "Line is busy" or "Don't answer" condition, or for any other reason. If you get a wrong number, call this to the attention of the Operator.

New York City is so large and its telephone system so complex that it has been necessary to divide the city into rate zones as shown on this map.



Each call to your own or a nearby zone counts as one call. Each call to more distant zones counts as two and in some few cases three calls. The Business Office will be glad to send you a card showing this information for calls made from your telephone or the Operator will be glad to tell you whether a call you wish to make is a one, two or three-call charge.

Calls that are dialed without the assistance of an operator are counted by an accurate system of mechanical registration. All other calls are recorded by the operator.

Charges for Local Service (Cont'd.)

Our message rates provide for an overtime charge on all local calls of more than five minutes. However, we do not make an overtime charge within the one-call range unless the time is materially in excess of five minutes.

Flat Rate Service: Residence service can also be had at a monthly charge which pays for all Brooklyn calls. Calls to other points in New York City are charged for at 5c, 10c, or 15c for the first 5 minutes. The Operator will be glad to tell you the charge for any call at any time or a card showing this information may be secured by calling the Business Office.

Survey of the "Voice" of Your Business

A study of the methods used by your organization in handling incoming calls at your switchboard, and by all those who represent you before your customers, may be desirable. The efficiency of a modern business is reflected in the way it handles telephone calls. Its character shines out in the telephone voices of those who represent it. If you are not entirely satisfied with the "Voice" of your business, we can help you and will be glad to assist in whatever training may be required.

Telegrams by Telephone

You may telephone telegrams, cablegrams, or radiograms to the Postal Telegraph-Cable Company or the Western Union Telegraph Company following instructions shown under the listings of these companies in this directory. The telegraph charges will appear on your telephone bill. You may also telephone your telegrams from public telephones, paying as you would for a telephone call.

Inquiries–Suggestions–Bills

Whether you bring your telephone needs to us by telephone, in person or by mail, you will find at our business offices an attitude of friendly helpfulness.

Have you had difficulty, for one reason or another, in paying your telephone bill? Tell us about it and perhaps satisfactory arrangements can be made.

Do you have a criticism of the service? Bring it to us and we will do everything possible to remove its cause.

Have you a suggestion as to how we can serve you better? Let us know what it is. It may be the means of effecting a worthwhile improvement in your service.

Business Office Service

Your account is handled by a representative who will be glad to arrange for any changes in your service, furnish information about bills, directories, etc., or answer any question you may have about telephone service.

From your own telephone, call the Business Office (Dial 811). From a telephone other than your own, give the operator the number of the Business Office, as shown on the opposite page.

If you prefer to transact business in person, please go to the business office most convenient to you. (See below.)

The business offices are open weekdays from 9 to 5, except Saturday, when they close at noon. If, outside of these hours, an emergency arises requiring immediate establishment or restoration of service, dial EX change 6-5100 and ask for the Manager.

Bill Payments

Telephone bills are rendered once a month and are due on presentation.

Payment within fifteen days will be appreciated. If this is inconvenient, the business office will make every reasonable effort to arrange a more convenient payment date.

When paying by mail, please return the bill stub with your check. If the stub has been mislaid, please write your telephone number on the check. If you have mislaid the return envelope, address the business office nearest you. (See below.)

When paying in person, please bring the bill to any of the offices or banks listed below.

Your bill covers service charges for one month in advance of its date, and out-of-town calls and additional local calls made in the month preceding its date.

If you have any question about your bills, just call the Business Office (Dial 811) and ask for the representative handling your account.

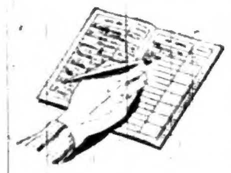
Telephone Number Services

Personal Number Lists



In placing a call, it is important that you first know the number and then that you dial it or give it to the Operator accurately. Your service will therefore be better if you keep a personal number list. The Business Office (Dial 811) will send you, on request, an attractive free booklet for telephone numbers.

Directory and Information Services

Every subscriber in Brooklyn is given a directory every six months listing Brooklyn subscribers.

Directories are also available without charge for Manhattan, The Bronx, Queens, Staten Island and suburban points. To give these books to all Brooklyn subscribers would be an inconvenience to most subscribers and a needless expense to the Company. In cases where they are required they are furnished on request. Otherwise it is better to get numbers from Information (Dial 411) and keep them on your personal list.

Directories other than those mentioned above may be obtained at a nominal charge by calling the Business Office (Dial 811).

If your directory becomes lost or mutilated, the Business Office will replace it. To prevent mistakes, we ask that you return old books when new ones are delivered.

Classified Directory

Every Brooklyn subscriber is also given, every six months, a separately bound classified directory printed on yellow pages. It lists all Brooklyn business and professional telephone numbers under suitable headings. No matter what commodity or service you want, you can quickly find in the classified directory someone who can supply it.

Additional listings and advertisements in the classified directory may be arranged for by calling the Business Office (Dial 811).

Displaying Telephone Numbers

It will be a convenience to those who may wish to call you, and will help to speed service, if you will print your telephone number on stationery and elsewhere just as you do your street address.

Although we cannot guarantee that any number will be permanent, we make no changes in numbers unless the needs of the telephone system itself make it essential to do so. When a number is changed, we give as much advance notice as possible.

Directory Listings

If you have a telephone you are of course entitled to one free listing. If you have more than one line, you are entitled to one free listing for each line up to three. Listings in addition to your free listings may be obtained at 25c each per month.

When you get a new directory, please check your own listings and, if incorrect, notify the Business Office at once so that we may adjust our records for the next issue and protect your service in the meantime.

Many telephone users take additional listings so that their telephone numbers will be listed in other places in our directories where people may look for them. Here are some of the listing arrangements you may secure by calling the Business Office (Dial 811).

How to Dial

If you are not sure of the number, look in the directory. If the number is not in the directory, dial 411.

Let's say the number is FO xcroft 9-9970.

Remove the receiver.

LISTEN FOR THE DIAL TONE—a steady humming sound indicating that the equipment is ready for your call. If you do not hear the dial tone within a reasonable time, hang up, wait a few seconds and try again.

Place your finger in the opening over the letter "F."

Move the dial clockwise until you strike the finger stop.

Remove your finger and allow the dial to turn back. Do not push the dial back.

Dial the letter "O" (in black) in the same way.

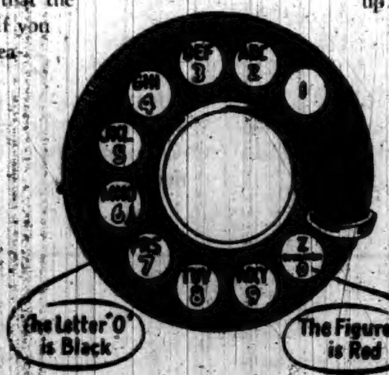
Then dial the figures 9, 9, 9, 7 and 0 (in red).

When you hear a burr-burr-burr sound, the called telephone is ringing.

If you hear a buzz-buzz-buzz sound, the called telephone is busy. Hang up and call later.

If you hear a buzz-buzz—buzz-buzz sound, you have made an error in dialing. Hang up for a few seconds and begin again, being sure to listen for the dial tone.

If you make a mistake in dialing, hang up for a few seconds and begin again, being sure to listen for the dial tone.



If you have trouble dialing a number, hang up for a few seconds. Then dial the opening where the word "Operator" appears and the Operator will help you.

The calls that you should dial and those you should give to the Operator are shown on the zone card that has been furnished you, additional copies of which may be obtained from the Business Office.

If you have a party line or an extension telephone and you do not hear the dial tone when you remove the receiver to make a call, inquire if the line is in use. If there is no response, hang up for a few seconds and begin again. Listen while dialing and if you hear another party come in on the line, inform him that it is in use and request him to hang up his receiver. When he does so, hang up your own receiver for a few seconds and begin again.

Telephoning Out-of-Town

Station-to-Station Calls

If you will talk with any-one who answers the number you are calling, it is a station-to-station call.

Dial the Operator and tell her the city, state and the telephone number. If you don't know the number, say "St. Louis, Missouri, Anyone at Read's Warehouse, 2100 Broad Street." The charge for a station-to-station call begins when the called telephone answers.

Person-to-Person Calls

If you want us to connect you with some particular person, or with a particular extension telephone or department reached through a private switchboard, it is a person-to-person call.

Call Long Distance (Dial 211). Tell the Operator the city, state and person (or extension) you want and also the telephone number if you know it. The charge is slightly more than for a station-to-station call and begins only when you reach the person (or extension) you want.

If you are not sure of the whereabouts of the one you wish to reach, Long Distance will try to find him.

Calls to Overseas Points

Just call Long Distance (Dial 211) and ask for the Overseas Operator. She will place your call, or quote the rate to any point to which service is available.

Collect Calls

WILL YOU ACCEPT THE CHARGES?

If you want the charge for an out-of-town call to be put on the bill of the called party, tell the Operator when you make the call that it is a "Collect Call." If someone at the called telephone agrees to accept the charges, you will be connected.

Collect calls cost no more than other out-of-town calls, except in the case of station-to-station calls having a basic charge of 20c or less.

Collect calls cannot be made to ships at sea, or to points outside the United States except Alaska, Canada, Cuba, Hawaii and Puerto Rico.

Appointment and Messenger Calls

The Long Distance Operator will arrange an appointment, if you wish, to be sure the called party will be at the telephone when you call. The charge is the same as for a person-to-person call. She will send a messenger to find the called party on any person-to-person call for a small additional charge.

Calls to Ships at Sea

Just call Long Distance (Dial 211) and ask for the Marine Operator. She will place your call, quote rates or furnish other information regarding Ship Telephone Service.

Identification of Employees

Every employee of the Telephone Company authorized to install, inspect, repair or remove the Company's apparatus carries a card showing the Company's name and the employee's number and photograph. Other Telephone employees also carry suitable identification. We suggest that subscribers refuse access to their premises to anyone who represents himself as from this Company, but who cannot so identify himself.

Attachments to Telephones

The Company does not sanction the use of any devices except those furnished by it. This is in the interest of good service, since many of the devices offered for sale which are claimed to improve the service actually interfere with the service. Where ordinary equipment does not meet any particular need, the Company is ready to furnish special equipment at reasonable rates.
